FIELD EFFECT TRANSISTOR AND METHOD

Art Unit 2811

Examiner S. Crane

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

PETITION TO WITHDRAW HOLDING OF ABANDONMENT

Applicant, through his attorney, hereby petitions the Commissioner of Patents to withdraw the holding of abandonment and act on the subject application in appropriate manner. No fee is required. However, should a fee be required, please charge to Deposit Account No. 20=0668.

The facts are that a requirement for restriction was mailed by the PTO on March 12, 2004 to which a response was due April 12, 2004.

On March 22, 2004, a fully responsive Election was filed with Certificate of Mailing, a copy of which is attached hereto.

Two post cards were attached to the Election, one addressed to the undersigned and a second addressed to the Texas Instruments Patent Department. The post card

addressed to the undersigned was never received and the post card addressed to the Texas Instruments Patent Department was received in their patent department on or prior to April 5, 2004 and was entered in the file thereat on April 5, 2004 as noted by the attachment hereto. The post card was never stamped by the PTO mail room as can be seen and as was noted upon receipt of the post card.

It is readily apparent that the Election was timely mailed with a Certificate of Mailing and should receive the filing date of March 22, 2004 for that reason alone. In addition, it is readily apparent that the Election must have been mishandled in the PTO mail room in view of the facts stated above. Since the undersigned did not mail the post card to the Texas Instruments Patent Department and the post card was attached to the Election upon mailing, the post card could only have been mailed from the PTO mail room upon receipt of the Election. This mailing must have been during the period for response since it was received at the Texas Instruments Patent Department no later than April 5, 2004, well within the period for response.

In view of the above facts, it is respectfully requested that the holding of abandonment be withdrawn and that action be taken in view of the filing of the response to the requirement for restriction.

Respectfully submitted,

Jay M. Cantor
